Senator Edward Kennedy
United States Senate
Washington D.C.

Dear Senator Kennedy:

In a letter to you dated March 20, 1979, I enclosed a quantity of information concerning the mis-use of investigative procedures by both the F.B.I. and the House Select Committee on Assassinations.

As of this date I have not even received an acknowledgement from you as to even receiving them.

Have you received the information I have mailed you?

Sincerely,
